ONLINE MODE - ZOOM VIDEO CONFERENCING

About *Japture.*

Japture is an ambitious initiative launched by Scrollwell, aimed at building the next generation of skilled professionals by providing a 21st-century learning platform for students. This innovative project is designed to unlock knowledge, skills, and opportunities through a combination of cutting-edge training, world-class courses, and a vibrant, supportive community.

At its core, Japture embodies Scrollwell's mission to bridge the technological gap in education and empower educators and students alike. By leveraging Scrollwell's expertise in live training for professional development, Japture offers meticulously crafted programs that address the diverse needs of learners. These programs encompass various themes, including Engineering, Education, Start-up, and Entrepreneurship, ensuring that participants receive comprehensive and relevant training.

Japture's mission is to empower students by providing them with the tools and opportunities needed to succeed in their chosen fields. By bridging the technological gap in education, Japture aims to create a future where every student has access to high-quality, relevant education that prepares them for the challenges and opportunities of the 21st century.

We are recognized by esteemed organizations including **Startup India, MSME and Skill India Supported by Start-up Bihar** and the Centre for Innovation, Incubation & Legal Entrepreneurship, Chanakya National Law University, Patna.

Overview of Program

The 2 Day Capacity Building Programme on AI Applications in Academics and Research is designed to help students build a strong foundation in artificial intelligence and apply it across academics, productivity, creativity, and career growth.

Key Highlights:

- Learn & explore 30+ AI tools across multiple domains
- Automate tasks: note-making, summarizing, resume writing, content creation
- Build projects & portfolios for real-world impact
- Includes bonus templates, toolkits, and curated AI use cases
- Comprehensive support with daily tests, projects, and certification

Timings and Duration:

The sessions will run every afternoon from 2:00 PM to 4:00 PM, with minor adjustments to session length if necessary to ensure a smoother learning experience. Participants may also receive small assignments to practice concepts outside of class.

Date: November 29 - 30, 2025

Bonus:

Participants will receive several bonus learning resources to support self-paced learning, including recorded session videos and step-by-step guides.

Confirmation of Participation:

On receipt of registration, participants will be sent confirmation of their participation through email. Participation for this program is limited. Apply early to avoid disappointment.

Learning Outcome Test:

A short learning outcome test will be conducted after the session to revise what is learned. Certificates will be shared to participants attending both the session and the test.

Certifications:

Participants who attend at least 80% of the sessions and successfully complete the learning outcome test will receive a digital certificate. This ensures active participation and meaningful learning throughout the program.

Curriculum:

Day 1: AI for Academic Excellence & Productivity

- Introduction to AI for learning and research
- Note-making, summarizing, and citation with AI
- Research assistance and productivity automation

Day 2: AI for Creativity, Design & Career Growth

- Content creation and storytelling with AI
- Visual design for presentations and projects
- Resume building and professional portfolio enhancement

Additional Curriculum Highlights

- Daily interactive sessions with live demos
- Hands-on practice with 30+ AI tools
- Recorded sessions and resource guides for revision
- Short quizzes for self-assessment after each day
- Certification on 70% attendance
